55 Provided, further, that to assess proposal quality in order to award  
56 implementation grant funding, the commissioner shall take into account  
57 factors including, but not limited to: (i) the extent to which the  
58 school district's proposal would maximize the use of the additional  
59 learning time through a comprehensive restructuring of the school  
60 day and/or year, (ii) the extent to which the proposal would provide  
61 additional learning time for students in grades six through eight,  
62 and (iii) how the additional learning time would be utilized,  
63 including, but not limited to, additional time spent on core  
64 academics. Provided, however, that no district shall be eligi- ble

16 divided by (ii) the average of the national consumer price indexes  
17 determined by the United States department of labor for the 12-month

37 pursuant to such districts' approved applications; provided that in  
38 making such grants the commissioner shall prioritize school  
39 districts' applications based on factors including but not limited to  
40 (i) the extent to which the school district's application would  
41 recognize and reward such teachers in school buildings with the  
42 greatest academic need, in difficult-to-staff subject or certif-  
43 ication areas and grade levels, and at critical points in a teach-  
44 er's career in order to encourage highly effective teachers to remain  
45 in the classroom, and (ii) the quality of the school district's  
46 application; and provided further that the commissioner shall make  
47 available the application for such grants on or before May fifteenth

56 as approved by the commissioner. Provided, further, that as a  
57 condition of eligibility for receipt of such funding, a school  
58 district shall agree to adopt approved quality indicators within two  
59 years, including, but not limited to, valid and reliable measures of  
60 environmental quality, the quality of teacher-student interactions

63 day and half-day prekindergarten placements for three-year-olds;  
64 provided that such grants shall only be used to supplement, not  
65 supplant existing prekindergarten programs; and provided further,  
66 however, that any portion of such \$11,000,000 that is not awarded

1 shall remain available for subsequent awards in the 2016-17 school  
2 year or for full-day and half-day pre-kindergarten grants to be  
3 awarded in subsequent school years. Provided, further, that such  
4 grants from funds appropriated herein shall be awarded based on  
5 factors including, but not limited to, the following: (i) measures  
6 of school district need, (ii) measures of the need of students to  
7 be served by each of the school districts, (iii) the school district's  
8 proposal to target the highest need schools and students, (iv) the  
9 extent to which the district's proposal would prioritize funds to  
10 maximize the total number of eligible children in the district served  
11 in pre-kindergarten programs, and (v) proposal quality. Provided,  
12 however, that full-day and half-day prekindergarten grants  
13 appropriated herein shall only be available to support programs (i)  
14 that provide instruction for at least five hours per school day for  
15 full-day pre-kindergarten programs and at least two and one-half hours  
16 per school day for half-day prekindergarten programs; (ii) that  
17 agree to offer instruction consistent with applicable New York state  
18 prekindergarten early learning standards; (iii) that ensure that,  
19 to the extent community-based providers are part of such program,  
20 such providers meet the requirements of paragraphs d-1 and d-2 of  
21 subdivision 12 of section 3602-e of the education law; and (iv)  
22 that otherwise comply with all of the same rules and requirements as  
23 universal prekindergarten programs pursuant to section 3602-e of the  
24 education law except as modified herein; provided that notwithstanding  
25 paragraph c of subdivision 1 of section 3602-e of the education law,  
26 for the purposes of this appropriation, an eligible child shall be a  
27 resident child who is three years of age on or before December first  
28 of the year in which he or she is enrolled. Provided, further, that  
29 as a condition of eligibility for receipt of such funding, a school  
30 district must currently offer a prekindergarten program for four-  
31 year-old children, or children who would otherwise be eligible  
32 under paragraph c of subdivision 1 of section 3602-e of the education  
33 law; provided, further, that a school district may apply for only as  
34 many full-day or half-day placements for three-year-old children as  
35 it currently offers for four-year-old children, or children who would  
36 otherwise be eligible under paragraph c of subdivision 1 of section  
37 3602-e of the education law. Provided, further, that a school  
38 district's grant for three-year-old prekindergarten shall equal the  
39 product of

40  
41 (A) (i) two multiplied by the approved number of new full-day pre-  
42 kindergarten placements plus (ii) the approved number of new half-  
43 day pre-kindergarten placements, and (B) the district's selected aid  
44 per pre-kindergarten pupil pursuant to subparagraph i of paragraph b  
45 of subdivision 10 of section 3602-e of the education law; provided,  
46 however, that no district shall receive a grant in excess of the  
47 total actual grant expenditures incurred by the district in the  
48 current school year as approved by the commissioner. Provided,  
49 further, that as a condition of eligibility for receipt of such  
50 funding, a school district shall agree to adopt approved quality  
51 indicators within two years, including, but not limited to, valid  
52 and reliable measures of environmental quality, the quality of  
53 teacher-student interactions and child outcomes, and ensure that any  
54 such assessment of child outcomes shall not be used to make high-  
55 stakes educational decisions for individual children. Provided,  
56 further, that no school district shall receive more than forty percent  
57 of the total pre-kindergarten for three-year-old children grant  
58 allocation.

59 Provided further that, notwithstanding any provision of law to the  
60 contrary, the \$1,500,000 appropriated herein available for early  
61 college high school programs shall be awarded pursuant to a plan  
62 developed by the commissioner and approved by the director of the  
63 budget, provided that such plan shall ensure regional diversity of  
64 grant recipients and prioritize programs serving students in academ-  
65 ically challenged school districts; provided further that the  
66 commissioner shall make available the request for proposals for such  
67 programs on or before May fifteenth and the commissioner shall issue

1  
2 awards on or before August fifteenth; and provided further that a  
3 portion of the payments to early college high school programs awarded  
4 funding from this appropriation shall be made on a sliding scale based  
5 upon the number of college credits earned annually by participating  
6 students, consistent with guidelines established by the commissioner.  
7 Provided further that in connection with such guidelines, the  
8 commissioner shall execute a memorandum of understanding with the  
9 state university of New York and the city university of New York to  
10 develop common data collection, sharing and reporting mechanisms  
11 based on student-level data for students enrolled in early college  
12 high school programs. Provided further that, notwithstanding any  
13 provision of law to the contrary, higher education partners  
14 participating in an early college high school program, or the  
15 entity/entities responsible for setting tuition at the institution,  
16 shall be authorized to set a reduced rate of tuition and/or fees, or  
17 to waive tuition and/or fees entirely, for students enrolled in such  
18 an early college high school program with no reduction in other  
19 state, local or other support for such students earning college  
20 credit that such higher education partner would otherwise be eligible  
21 to receive.

22 Provided further that, notwithstanding any provision of law to the  
23 contrary, the \$500,000 appropriated herein available for career and  
24 technical education (CTE) programs shall be awarded, pursuant to a  
25 plan developed by the commissioner and approved by the director of  
26 the budget, to provide CTE programs with support and resources to  
27 eliminate barriers to students with special needs and English language  
28 learners from participating in such programs, as well as promote  
29 gender diversity in CTE programs.

30 Provided, further, that notwithstanding any provision of law to the  
31 contrary, the \$1,000,000 appropriated herein available for QUALITYs-  
32 tarsNY shall be used, pursuant to a plan approved by the director of  
33 the budget, to support implementation of a statewide system to  
34 assess, improve, and communicate the level of quality in early  
35 education and care settings throughout the state. Notwithstanding  
36 any provision of law to the contrary, upon approval of the director  
37 of the budget, the \$1,000,000 of funding appropriated herein for  
38 QUALITYstarsNY may be suballocated, interchanged, transferred or  
39 otherwise made available to the office of children and family  
40 services for the sole purpose of administering such system. Provided  
41 that, for the 2016-17 [and 2017-18] through 2018-19 school years, a  
42 portion of these funds shall be used to support programs identified  
43 by the office of children and family services, the department of  
44 health and mental hygiene of the city of New York, or the department  
45 as needing extraordinary quality support.

46 Provided further that, notwithstanding any inconsistent provision of  
47 law, subject to the approval of the director of the budget, funds  
48 appropriated herein may be interchanged with the appropriation for  
49 School District Performance Improvement grants within the general  
50 fund local assistance account office of pre-kindergarten through grade  
51 twelve education program.

52 Notwithstanding section 40 of the state finance law or any provision  
53 of law to the contrary, this appropriation shall lapse on March 31,  
54 [2018] 2019... 250,000,000 ..... (re. \$126,748,000)

55 Funds appropriated herein shall be used to provide competitive grants  
56 pursuant to a request for proposals, developed by the commissioner  
57 and approved by the director of budget, to those school districts  
58 that are participating in the race to the top program and/or which  
59 demonstrate satisfactory progress, as determined by the commissioner,  
60 towards implementation of elements such as high quality student  
61 assessments; use of data to improve instruction and student perform-  
62 ance and provision of professional development to improve teacher  
63 performance; and that those eligible districts also demonstrate the  
64 most improved academic achievement gains and student outcomes such  
65 as establishing or expanding participation in college level or early  
66 college programs; and other appropriate measures of student perform-  
67 ance; provided further that in determining the amount of the award

1  
2 to be made from the funds appropriated herein for those school  
3 districts identified as making the greatest achievement gains and  
4 eligible for such award, the maximum grant award available to each  
5 school district shall be based upon the size of the district meas-  
6 ured by public school enrollment of the district; and provided further  
7 that such amount shall be adjusted based upon measures of district  
8 need and provided further that no district receiving a grant may be  
9 awarded more than forty percent of the total amount awarded; and  
10 provided further that any such funds awarded to a school district  
11 shall be used to increase student performance, narrow the achievement  
12 gap, and increase academic performance in traditionally underserved  
13 student groups.

14 Provided further that, notwithstanding any provision of law to the  
15 contrary, in addition to the competitive awards amount as defined in  
16 paragraph ee of subdivision 1 of section 3602 of the education law,  
17 a minimum of \$37,500,000 shall be available for the payment of grant  
18 awards made in the 2013-14 school year, with additional amounts to  
19 be made available in the 2014-15 through [2017-18] 2018-19 state  
20 fiscal years as necessary to continue such awards, make an additional  
21 round of awards pursuant to subdivision 6-a of section 3641 of the  
22 education law in the 2014-15 school year not to exceed the amount  
23 awarded in the 2013-14 school year pursuant to such subdivision  
24 6-a, and make additional master teachers awards to the extent that  
25 the master teachers program authorized herein would not otherwise  
26 expend the maximum school year amount authorized herein; and such  
27 \$37,500,000 shall be made available for \$12,500,000 of pre-  
28 kindergarten grants, \$10,000,000 of school-wide extended learning  
29 grants, \$7,500,000 of community schools grants, \$5,500,000 for a  
30 master teacher program and \$2,000,000 for the early college high  
31 school program; provided, however, the funds appropriated herein for  
32 pre-kindergarten grants shall only be available for grants awarded  
33 for the 2016-17 school year and prior school years; provided,  
34 however, that no school district shall receive any portion of the  
35 funds appropriated herein unless it shall have submitted  
36 documentation that has been approved by the commissioner by September  
37 1 of 2013 and of each school year in which a payment to such district  
38 from this appropriation would otherwise be made demonstrating that it  
39 has fully implemented new standards and procedures for conducting  
40 annual professional performance reviews of classroom teachers and  
41 building principals to determine teacher and principal effectiveness.

42 Provided, further, that notwithstanding any provision of law to the  
43 contrary, the \$12,500,000 appropriated herein available for full-day  
44 and half-day pre-kindergarten grants shall be awarded, based on a  
45 request for proposals developed by the commissioner and approved by  
46 the director of the budget, to school districts to establish new full-  
47 day and half-day pre-kindergarten placements and/or to convert  
48 existing half-day pre-kindergarten placements into full-day place-  
49 ments; provided that preference shall be granted for full-day place-  
50 ments while ensuring that a portion of grants include half-day  
51 placements based on eligible applications; and provided, further, that  
52 such grants shall only be used to supplement, not supplant existing  
53 pre-kindergarten programs, and provided further, however, that any  
54 portion of such \$12,500,000 that is not awarded shall remain  
55 available for subsequent awards in the 2013-14 school year or for  
56 full-day and half-day pre-kindergarten grants to be awarded in  
57 subsequent school years. Provided, further, that such grants from  
58 funds appropriated herein shall be awarded based on factors includ-  
59 ing, but not limited to, the following: (i) measures of school  
60 district need, (ii) measures of the need of students to be served by  
61 each of the school districts, (iii) the school district's proposal  
62 to target the highest need schools and students, (iv) the extent to  
63 which the district's proposal would prioritize funds to maximize the  
64 total number of eligible children in the district served in pre-kin-  
65 dergarten programs, and (v) proposal quality. Provided, however, that  
66 full-day and half-day pre-kindergarten grants appropriated

1  
2 herein shall only be available to support programs (i) that provide  
3 instruction for at least five hours per school day for full-day pre-  
4 kindergarten programs and at least two and one-half hours per school  
5 day for half-day pre-kindergarten programs; (ii) that agree to offer  
6 instruction consistent with the New York state pre-kindergarten  
7 foundation for the common core standards within three years;

8 (iii) that ensure that, to the extent community-based providers are  
9 part of such program, such providers meet the requirements of para-  
10 graphs d-1 and d-2 of subdivision 12 of section 3602-e of the educa-  
11 tion law; and (iv) that otherwise comply with all of the same rules  
12 and requirements as universal pre-kindergarten programs pursuant to  
13 section 3602-e of the education law except as modified herein.  
14 Provided, further, that a school district's pre-kindergarten grant  
15 shall equal the product of (A) (i) two multiplied by the approved  
16 number of new full-day pre-kindergarten placements plus (ii) the  
17 approved number of half-day pre-kindergarten placement conversions  
18 and new half-day pre-kindergarten placements, and (B) the district's  
19 selected aid per pre-kindergarten pupil pursuant to subparagraph i  
20 of paragraph b of subdivision 10 of section 3602-e of the education  
21 law; provided, however, that no district shall receive a grant in  
22 excess of the total actual grant expenditures incurred by the  
23 district in the current school year as approved by the commissioner.  
24 Provided, further, that as a condition of eligibility for receipt of  
25 such funding, a school district shall agree to adopt approved quali-  
26 ty indicators within two years, including, but not limited to, valid  
27 and reliable measures of environmental quality, the quality of  
28 teacher-student interactions and child outcomes, and ensure that any  
29 such assessment of child outcomes shall not be used to make highs-  
30 takes educational decisions for individual children. Provided,  
31 further, that no school district shall receive more than forty  
32 percent of the total pre-kindergarten grant allocation.

33 Provided, further, that notwithstanding any provision of law to the  
34 contrary, the \$10,000,000 appropriated herein available for school-  
35 wide extended learning grants shall be awarded to school districts  
36 or school districts in collaboration with not-for-profit communi-  
37 ty-based organizations based on responses to a request for proposals  
38 for planning and implementation grants that is (i) developed by the  
39 commissioner; (ii) approved by the director of the budget; and (iii)  
40 issued by the commissioner. Provided, further, that such grants shall  
41 be awarded based on factors including, but not limited to, the  
42 following: (i) the school district's proposal to target the schools  
43 and students with the greatest need, and (ii) proposal quality.  
44 Provided, further, that to assess proposal quality in order to award  
45 implementation grant funding, the commissioner shall take into  
46 account factors including, but not limited to: (i) the extent to which  
47 the school district's proposal would maximize the use of the  
48 additional learning time through a comprehensive restructuring of  
49 the school day and/or year, (ii) the extent to which the proposal  
50 would provide additional learning time for students in grades six  
51 through eight, and (iii) how the additional learning time would be  
52 utilized, including, but not limited to, additional time spent on core  
53 academics. Provided, however, that no district shall be eligi-  
54 ble to receive a school-wide extended learning grant unless its proposal  
55 would increase student learning time by at least 25 percent.  
56 Provided, further, that a school district's schoolwide extended  
57 learning implementation grant shall equal its average daily attendance  
58 in the school-wide extended learning program multiplied by the  
59 expected cost per pupil of the additional learning time; provided,  
60 further, that the expected cost per pupil of the addi- tional learning  
61 time shall equal the greater of \$1,500 or (A) the quotient of (i)  
62 the school district's approved operating expense, pursuant to  
63 paragraph t of subdivision 1 of section 3602 of the education law,  
64 for the year prior to the base year, divided by (ii) the district's  
65 public school district enrollment, pursuant to subparagraph (2) of  
66 paragraph n of such subdivision, for the year prior to the base year,  
67 multiplied by (B) 10 percent (0.10), multi-

1  
2 plied by (C) the quotient of (i) the average of the national consum-  
3 er price indexes determined by the United States department of labor  
4 for the 12-month period preceding January first of the base year,  
5 divided by (ii) the average of the national consumer price indexes  
6 determined by the United States department of labor for the 12-month  
7 period preceding January first of the year two years prior to the base  
8 year; provided, however, that in extraordinary cases the commissioner  
9 may award a grant that exceeds the per pupil limit described above;  
10 provided further, however, that no district shall receive a grant in  
11 excess of the total actual grant expenditures incurred by the district  
12 in the current school year as approved by the commissioner. Provided,  
13 further, that no school district shall receive more than forty percent  
14 of the total school-wide extended learning grant allocation.

15 Provided, further, that notwithstanding any provision of law to the  
16 contrary, the \$7,500,000 appropriated herein available for community  
17 schools grants shall be awarded, based on a request for proposals  
18 (i) developed by the state council on children and families in coord-  
19 ination with the commissioner, (ii) approved by the director of the  
20 budget and (iii) issued by the commissioner, to school districts, or  
21 in a city with a population of one million or more an eligible enti-  
22 tity, to improve student outcomes through the implementation of commu-  
23 nity schools programs that use school buildings as community hubs to  
24 deliver co-located or school-linked academic, health, mental health,  
25 nutrition, counseling, legal and/or other services to students and  
26 their families. In a city with a population of one million or more,  
27 eligible entities shall mean the city school district of the city of  
28 New York, or not-for-profit organizations, which shall include not-  
29 for-profit community-based organizations. An eligible entity that is  
30 a not-for-profit may apply for a community school grant provided  
31 that it collaborates with the city school district of the city of  
32 New York and receives the approval of the chancellor of the city  
33 school district of the city of New York. Provided, further, that  
34 such grants shall be awarded based on factors including, but not  
35 limited to, the following: (i) measures of school district need,  
36 (ii) measures of the need of students to be served by each of the  
37 school districts, (iii) the school district's proposal to target the  
38 highest need schools and students, (iv) the sustainability of the  
39 proposed community schools program, and (v) proposal quality.  
40 Provided, further, that to assess proposal quality in order to award  
41 such funding, the commissioner shall take into account factors  
42 including, but not limited to: (i) the extent to which the school  
43 district's proposal would provide such community services through  
44 partnerships with local governments and non-profit organizations,  
45 (ii) the extent to which the proposal would provide for delivery of  
46 such services directly in school buildings, (iii) the extent to which  
47 the proposal articulates how such services would facilitate measurable  
48 improvement in student and family outcomes, (iv) the extent to which  
49 the proposal articulates and identifies how existing funding streams  
50 and programs would be used to provide such community services, and  
51 (v) the extent to which the proposal ensures the safe- ty of all  
52 students, staff and community members in school buildings used as  
53 community hubs. Provided, however, that community schools grants  
54 appropriated herein shall be paid to school districts in installments  
55 upon successful implementation of each phase of a school district's  
56 approved proposal. Provided, further, that no school district shall  
57 receive more than forty percent of the total community schools grant  
58 allocation, and that each individual commu- nity school site shall be  
59 limited to a maximum grant of \$500,000.

60 Provided, further, that notwithstanding any provision of law to the  
61 contrary, the \$5,500,000 appropriated herein available for a master  
62 teachers program shall support the award of stipends of \$15,000 per  
63 annum over four years to individual high-performing teachers in math,  
64 science and related fields, and of related costs, administered by the  
65 state university of New York pursuant to a plan developed in  
66 consultation with the commissioner, who shall consult with appropri-

1  
2 ate state organizations representing K-12 public school teachers,  
3 and approved by the director of the budget, to build a corps of  
4 outstanding math, science and related fields teachers in order to  
5 improve the quality of instruction at public secondary schools. Such  
6 plan for use of funding appropriated herein shall: (i) establish an  
7 application process; (ii) guidelines by which applications from  
8 eligible teachers shall be evaluated, which shall include, but not be  
9 limited to, achievement of a rating of highly effective on the annual  
10 professional performance review; and (iii) provide periodic  
11 opportunities for professional development for successful  
12 applicants. Provided, further, that priority shall be given to  
13 applicants in regions of the state where a similar program is not  
14 otherwise offered. Notwithstanding any provision of law to the  
15 contrary, upon approval of the director of the budget, such  
16 \$5,500,000 of master teachers program funding may be sub-allocated,  
17 interchanged, transferred or otherwise made available to the state  
18 university of New York for the services and expenses of administering  
19 such program. Nothing herein shall be construed to limit the rights  
20 of labor organizations to collectively bargain terms and conditions  
21 pursuant to article 14 of the civil service law.

22 Provided, further, that notwithstanding any provision of law to the  
23 contrary, the \$2,000,000 appropriated herein available for the early  
24 college high school program shall support the continuation and  
25 expansion of such program pursuant to a plan developed by the  
26 commissioner and approved by the director of the budget. Provided,  
27 however, that a portion of the payments to early college high school  
28 programs awarded funding from this appropriation shall be awarded on  
29 a sliding scale based upon the number of college credits earned  
30 annually by participating students, consistent with guidelines  
31 established by the commissioner. Provided further that, notwith-  
32 standing any provision of law to the contrary, higher education  
33 partners participating in an early college high schools program, or  
34 the entity/entities responsible for setting tuition at the institu-  
35 tion, shall be authorized to set a reduced rate of tuition and/or  
36 fees, or to waive tuition and/or fees entirely, for students enrolled  
37 in such early college high schools program with no reduction in other  
38 state, local or other support for such students earning college  
39 credit that such higher education partner would otherwise be eligible  
40 to receive.

41 Provided further that, notwithstanding any provision of law to the  
42 contrary, of the amount appropriated herein, a minimum of  
43 \$12,500,000 per year shall be available in the 2014-15 through [2017-  
44 18] 2018-19 school years for the payment of grant awards as follows:  
45 \$2,500,000 of pathways in technology early college high school  
46 program grants and \$10,000,000 of teacher excellence fund grants;  
47 provided further that, notwithstanding any provision of law to the  
48 contrary, such \$12,500,000, plus any other amounts so designated in  
49 other items of appropriation within the general fund local assistance  
50 account office of pre-kindergarten through grade twelve education  
51 program, shall constitute the competitive awards amount authorized  
52 for the 2013-14 school year by chapter 53 of the laws of 2013.

53 Provided further that, notwithstanding any provision of law to the  
54 contrary, the \$2,500,000 appropriated herein available for pathways  
55 in technology early college high school (P-TECH) program grants shall  
56 be awarded pursuant to a plan developed by the commissioner and  
57 approved by the director of the budget, provided that such plan shall  
58 include but not be limited to (i) assurances that K-12, higher  
59 education and private-sector partners commit to the required elements  
60 and responsibilities of a P-TECH program, (ii) provisions to ensure  
61 regional diversity of grant recipients, and (iii) priority for P-TECH  
62 programs serving students in academically challenged school  
63 districts; provided further that the commissioner shall make  
64 available the request for proposals for such program on or before  
65 May fifteenth and the commissioner shall issue awards on or before

1  
2 August fifteenth; and provided further that a portion of the payments  
3 to P-TECH programs awarded funding from this appropriation shall be  
4 made on a sliding scale based upon the number of college credits  
5 earned annually by participating students, consistent with guidelines  
6 established by the commissioner. Provided further that,  
7 notwithstanding any provision of law to the contrary, higher educa-  
8 tion partners participating in a P-TECH program, or the  
9 entity/entities responsible for setting tuition at the institution,  
10 shall be authorized to set a reduced rate of tuition and/or fees, or  
11 to waive tuition and/or fees entirely, for students enrolled in such

20 such plan shall include an application for award of such grants to  
21 such eligible school districts to provide annual teacher excel-

24 performance review, in accordance with the requirements of section  
25 3012-d of the education law and the regulations of the commissioner,  
26 pursuant to such districts' approved applications; provided that in  
27 making such grants the commissioner shall prioritize school  
28 districts' applications based on factors including but not limited  
29 to (i) the extent to which the school district's application would  
30 recognize and reward such teachers in school buildings with the  
31 greatest academic need, in difficult-to-staff subject or certifi-  
32 cation areas and grade levels, and at critical points in a teach-  
33 er's career in order to encourage highly effective teachers to remain  
34 in the classroom, and (ii) the quality of the school district's  
35 application; and provided further that the commissioner shall make  
36 available the application for such grants on or before May fifteenth  
37 and the commissioner shall issue grant awards an agreed-to schedule.

46 masters-in-education teacher incentive scholarship program, and  
47 \$1,500,000 for QUALITYstarsNY; provided further that,  
48 notwithstanding any provision of law to the contrary, such  
49 \$23,500,000, plus any other amounts so designated in other items of  
50 appropriation within the general fund local assistance account office  
51 of pre-kindergarten through grade twelve education program, shall  
52 constitute the competitive awards amount authorized for the 2015-16  
53 school year.

54 Provided, further, that notwithstanding any provision of law to the

60 day and half-day pre-kindergarten placements for three-year-olds and  
61 four-year-olds; provided that such grants shall only be used to  
62 supplement, not supplant existing pre-kindergarten programs; and

64 is not awarded shall remain available for subsequent awards in the  
65 2015-16 school year or for full-day and half-day pre-kindergarten

5 served by each of the school districts, (iii) the school district's  
6 proposal to target the highest need schools and students, (iv) the  
7 extent to which the district's proposal would prioritize funds to  
8 maximize the total number of eligible children in the district served  
9 in pre-kindergarten programs, and (v) proposal quality. Provided,  
10 however, that full-day and half-day pre-kindergarten grants  
11 appropriated herein shall only be available to support programs (i)  
12 that provide instruction for at least five hours per school day for  
13 full-day pre-kindergarten programs and at least two and one-half  
14 hours per school day for half-day pre-kindergarten programs; (ii)  
15 that agree to offer instruction consistent with the New York state  
16 pre-kindergarten foundation for the common core standards; (iii) that

18 program, such providers meet the requirements of paragraphs d-1 and  
19 d-2 of subdivision 12 of section 3602-e of the education law; and (iv)  
20 that otherwise comply with all of the same rules and requirements as

22 the education law except as modified herein; provided that  
23 notwithstanding paragraph c of subdivision 1 of section 3602-e of  
24 the education law notwithstanding, for the purposes of this  
25 appropriation, an eligible child shall be a resident child who is  
26 three years of age on or before December first of the year in which  
27 he or she is enrolled. Provided, further, that as a condition of  
28 eligibility for receipt of such funding for three-year-olds, a school  
29 district must currently offer a pre-kindergarten program for four-  
30 year-old children, or children who would otherwise be eligible under  
31 paragraph c of subdivision 1 of section 3602-e of the education law;  
32 provided, further, that a school district may apply for only as many  
33 full-day or half-day placements for three-year-old children as it  
34 currently offers for four-year-old children, or children who would  
35 otherwise be eligible under paragraph c of subdivision 1 of section  
36 3602-e of the education law. Provided, further, that a school  
37 district's grant for three-year-old and four-year-old pre-

41 placements, and (B) the district's selected aid per pre-kindergarten  
42 pupil pursuant to subparagraph i of paragraph b of subdivision  
43 10 of section 3602-e of the education law; provided, however,  
44 that no district shall receive a grant in excess of the total actual  
45 grant expenditures incurred by the district in the current school  
46 year as approved by the commissioner. Provided, further, that as a  
47 condition of eligibility for receipt of such funding, a school  
48 district shall agree to adopt approved quality indicators within two  
49 years, including, but not limited to, valid and reliable measures of  
50 environmental quality, the quality of teacher-student interactions  
51 and child outcomes, and ensure that any such assessment of child  
52 outcomes shall not be used to make high-stakes educational decisions  
53 for individual children. Provided, further, that no school district  
54 shall receive more than forty percent of the total pre-kindergarten  
55 for three-year-old and four-year-old children grant allocation.  
56 Provided, further, that notwithstanding any provision of law to the  
57 contrary, the \$2,500,000 appropriated herein available for an  
58 expanded master teachers program shall support the award of stipends  
59 of \$15,000 per annum over four years to individual high-performing  
60 teachers, and of related costs, administered by the state university

4 content area certificate in bilingual education or who hold certifi-  
5 cation in English as a Second Language and high-performing teachers  
6 with dual certification in a content area and special education;  
7 (ii) establish an application process; (iii) guidelines by which  
8 applications from eligible teachers shall be evaluated, which shall  
9 include, but not be limited to, achievement of a rating of highly  
10 effective on the annual professional performance review; and (iv)  
11 provide periodic opportunities for professional development for  
12 successful applicants. Provided, further, that priority shall be given  
13 to applicants in regions of the state where a similar program is not  
14 otherwise offered. Notwithstanding any provision of law to the  
15 contrary, upon approval of the director of the budget, such  
16 \$2,500,000 of master teachers program funding may be sub-allocated,  
17 interchanged, transferred or otherwise made available to the state  
18 university of New York for the services and expenses services and

31 regional diversity of grant recipients, and (iii) priority for P-TECH  
32 programs serving students in academically challenged school  
33 districts; provided further that the commissioner shall make available  
34 the request for proposals for such program on or before May fifteenth  
35 and the commissioner shall issue awards on or before August fifteenth;  
36 and provided further that a portion of the payments to P-TECH programs  
37 awarded funding from this appropriation shall be made on a sliding  
38 scale based upon the number of college credits earned annually by  
39 participating students, consistent with guidelines established by the  
40 commissioner. Provided further that in connection with such  
41 guidelines, the commissioner shall execute a memorandum of  
42 understanding with the state university of New York and the city  
43 university of New York to develop common data collection, sharing  
44 and reporting mechanisms based on student-level data for students

43 such assessment of child outcomes shall not be used to make high-  
44 stakes educational decisions for individual children. Provided,  
45 further, that no school district shall receive more than forty percent  
46 of the total pre-kindergarten for three-year-old chil- dren grant

55 commissioner shall make available the request for proposals for such  
56 programs on or before May fifteenth and the commissioner shall issue  
57 awards on or before August fifteenth; and provided further that a

59 funding from this appropriation shall be made on a sliding scale  
60 based upon the number of college credits earned annually by  
61 participating students, consistent with guidelines established by  
62 the commissioner. Provided further that in connection with such  
63 guidelines, the commissioner shall execute a memorandum of under-  
64 standing with the state university of New York and the city univer-  
65 sity of New York to develop common data collection, sharing and  
66 reporting mechanisms based on student-level data for students

8 reduction in other state, local or other support for such students  
9 earning college credit that such higher education partner would  
10 otherwise be eligible to receive.

11 Provided further that, notwithstanding any provision of law to the  
12 contrary, the \$500,000 appropriated herein available for career and

38 ance shall be apportioned among the social  
39 services districts by the office according  
40 to the allocation plan developed by the  
41 office and submitted to the director of  
42 the budget for approval within 60 days of  
43 enactment of the budget. A district's  
44 block grant allocation, including any  
45 funds the office of temporary and disabil-  
46 ity assistance transfers from a district's

4       the federal funds included in the state  
5       block grant for child care and the regu-  
6       lations of the office of children and  
7       family services. Notwithstanding any other  
8       provision of law, each district's claims  
9       submitted under the state block grant for  
10      child care will be processed in a manner  
11      that maximizes the availability of federal  
12      funds and ensures that the district meets  
13      its maintenance of effort requirement in  
14      each applicable federal fiscal year. Funds  
15      appropriated herein shall be subject to  
16      the amount awarded in federal grant fund-  
17      ing.

29     pursuant to a plan prepared by the office  
30     of children and family services and  
31     approved by the director of the budget to  
32     continue existing programs with existing  
33     contractors that are satisfactorily  
34     performing as determined by the office of  
35     children and family services, to award new  
36     contracts to not-for-profit organizations  
37     to continue programs where the existing  
38     contractors are not satisfactorily  
39     performing as determined by the office of  
40     children and family services and/or to

43     ess.

46     and expenses for the operation and coordi-  
47     nation of legally exempt enrollment agen-

13 Notwithstanding any inconsistent provision  
14 of law, the amount appropriated herein,  
15 shall be available under a foster care  
16 block grant for state reimbursement of  
17 eligible social services district expendi-  
18 tures for the provision and administration  
19 of foster care services including care,  
20 maintenance, supervision, and tuition; for  
21 supervision of foster children placed in  
22 federally funded job corps programs; for  
23 care, maintenance, supervision, and  
24 tuition for adjudicated juvenile delin-  
25 quents and persons in need of supervision  
26 placed in residential programs operated by  
27 authorized agencies and in out-of-state  
28 residential programs; and for the  
29 provision and administration of the  
30 kinship guardian assistance program  
31 including kinship guardianship assistance  
32 payments and payments for non-recurring  
33 guardianship expenses.

34 Notwithstanding any other provision of law,  
35 a portion of the funds are available to  
36 reimburse social services districts for  
37 the change in the maximum state aid rates  
38 established by the office of children and  
39 family services for the 2017-18 rate year  
40 pursuant to section 398-a of the social  
41 services law and sections 4003 and 4405 of  
42 the education law to reflect the continua-  
43 tion of the cost of living adjustments  
44 that became effective April 1, 2008 for  
45 payments made to foster parents and for  
46 salary and fringe benefit costs and other  
47 critical nonpersonal services costs for  
48 foster care programs as determined by the  
49 office. Social services districts must  
50 adjust the amount of payments made for  
51 care provided by congregate care and  
52 foster boarding home programs and to  
53 foster parents to reflect the cost of  
54 living adjustments in the manner specified  
55 by the office. Each authorized agency  
56 operating a congregate care or foster  
57 boarding home program in New York state  
58 for which the office sets a maximum state  
59 aid rate pursuant to section 398-a of the  
60 social services law or section 4003 or  
61 4405 of the education law shall submit, at  
62 the time and in a manner to be determined  
63 by the office, a written certification,  
64 attesting that the funds received for the  
65 continuation of the cost of living adjust-  
66 ment to the maximum state aid rate that  
67 became effective April 1, 2008 for that

1  
2 program will be or were used solely in  
3 accordance with the requirements of the  
4 cost of living adjustment established by  
5 the office.

6 Notwithstanding any inconsistent provision  
7 of law, including section 1 of part C of  
8 chapter 57 of the laws of 2006, as amended  
9 by part I of chapter 60 of the laws of  
10 2014, for the period commencing on April  
11 1, 2017 and ending March 31, 2018 the  
12 commissioner shall not apply any cost of  
13 living adjustment for the purpose of  
14 establishing rates of payments, contracts  
15 or any other form of reimbursement.

16 Within the amounts appropriated herein,  
17 state reimbursement to each social  
18 services district for services identified  
19 herein that are otherwise reimbursable by  
20 the state from April 1, 2017 through March  
21 31, 2018 shall be limited to a district  
22 allocation, hereinafter referred to as the  
23 district's block grant allocation.  
24 Notwithstanding any other provision of  
25 law, such block grant allocation shall be  
26 based, in part, on each district's claims  
27 for such costs, adjusted by the applicable  
28 cost allocation methodology and net of any  
29 retroactive payments for the 12 month  
30 period ending June 30, 2016 that are  
31 submitted on or before January 3, 2017  
32 and, in part, on such other factors as  
33 determined by the office of children and  
34 family services and approved by the direc-  
35 tor of the budget. Any portion of a social  
36 services district's allocation from funds  
37 appropriated herein not claimed by such  
38 district during the state fiscal year may  
39 be used by such district for expenditures  
40 on preventive services provided pursuant  
41 to section 409-a of the social services  
42 law, independent living services and  
43 aftercare services provided pursuant to  
44 regulations of the department of family  
45 assistance, claimed by such district  
46 during the next state fiscal year up to  
47 the amount remaining from the district's  
48 foster care block grant allocation,  
49 provided however, that any claims for such  
50 services during the next state fiscal year  
51 in excess of such amount shall be subject  
52 to 62 percent state reimbursement exclu-  
53 sive of any federal funds made available  
54 for such purposes, in accordance with  
55 directives of the department of family  
56 assistance and subject to the approval of  
57 the director of the budget. Any claims  
58 submitted by a social services district  
59 for reimbursement for a particular state  
60 fiscal year for which the social services  
61 district does not receive state or federal  
62 reimbursement during that state fiscal  
63 year may not be claimed against that  
64 district's block grant apportionment for  
65 the next state fiscal year.

66 The office of children and family services,  
67 with the approval of the director of the

1  
2 budget, may reduce a district's block  
3 grant allocation by the state share  
4 decrease related to federal retroactive  
5 reimbursement for such foster care  
6 services identified herein. The office,  
7 with the approval of the director of the  
8 budget, may reduce a district's block  
9 grant allocation by the state share of  
10 disallowances or sanctions taken against  
11 the district pursuant to the social  
12 services law or federal law.

13 Notwithstanding any other provision of law,  
14 the state shall not be responsible for  
15 reimbursing a social services district and  
16 a district shall not seek state reimburse-  
17 ment for any portion of any state disal-  
18 lowance or sanction taken against the  
19 social services district, or any federal  
20 disallowance attributable to final federal  
21 agency decisions or to settlement made, on  
22 or after July 1, 1995, when such disallow-  
23 ance or sanction results from the failure  
24 of the social services district to comply  
25 with federal or state requirements,  
26 including, but not limited to, failure to  
27 document eligibility for federal or state  
28 funds in the case record; provided, howev-  
29 er, if the office determines that any  
30 federal disallowance for services provided  
31 between January 1, 1999 and May 31, 1999  
32 results solely from the late enactment of  
33 the state legislation implementing the  
34 federal adoption and safe families act,  
35 the state shall be solely responsible for  
36 the full amount of the disallowance or  
37 sanction; provided, further, however, this  
38 provision shall be deemed to apply both  
39 prospectively and retroactively regardless  
40 of whether such sanctions or disallowances  
41 are for services provided or claims made  
42 prior to or after April 1, 2017.

43 Notwithstanding any other provision of law,  
44 any federal disallowance resulting from a  
45 federal title IV-E eligibility review or  
46 audit that uses extrapolated statistic  
47 techniques shall be passed along by the  
48 state to any and all social services  
49 districts that the office of children and  
50 family services has determined have not  
51 complied with the title IV-E eligibility  
52 requirements or have not taken the neces-  
53 sary actions to ensure compliance with  
54 such requirements including, but not  
55 limited to, failing to: assess and fully  
56 document all the criteria and have readily  
57 available all the necessary documents to  
58 establish and continue title IV-E eligi-  
59 bility for all title IV-E eligible chil-  
60 dren within the required time frames;  
61 claim title IV-E funding only for cases  
62 that meet all of the title IV-E eligibil-  
63 ity criteria; and fully implement the  
64 social services payment system on or  
65 before April 1, 2005 for all direct and  
66 voluntary agency foster care services.

67 Notwithstanding any law to the contrary, the

1  
2 office of children and family services  
3 shall impose on social services districts  
4 any federal disallowance issued against  
5 the state as a result of a federal title  
6 IV-E secondary eligibility review regard-  
7 less of the date the children may have  
8 entered foster care, the date the eligi-  
9 bility or payment errors occurred, or the  
10 filing date of any federal claims for  
11 reimbursement; provided, however, that the  
12 state shall be responsible for the disal-  
13 lowed costs and expenditures related to  
14 the placement of children in a facility  
15 operated by the office of children and  
16 family services, which shall be determined  
17 in the same manner as the disallowed costs  
18 and expenditures for social services  
19 districts other than the city of New York.  
20 In order to reimburse the federal govern-  
21 ment for the full amount of any disallow-  
22 ance imposed on the state by the federal  
23 administration for children and families  
24 within the timeframes necessary to avoid  
25 any potential interest payments on such  
26 amount, the office of children and family  
27 services is authorized to immediately  
28 offset funds otherwise due to each  
29 district for a pro rata share of the total  
30 disallowed costs based on the percentage  
31 of applicable federal title IV-E claims  
32 made by that district for the relevant  
33 time period as compared to the total  
34 applicable statewide title IV-E claims.  
35 The amount of the offset against each  
36 district will be adjusted, if necessary,  
37 upon completion of the disallowance allo-  
38 cation process. The final allocation of  
39 the amount of any federal disallowance  
40 resulting from a title IV-E secondary  
41 eligibility review shall be allocated  
42 among the districts so that each district  
43 shall be responsible for the amount  
44 attributable to each of the district's  
45 children or cases that are determined by  
46 the federal review to be unallowable. Each  
47 district shall also be responsible for a  
48 portion of the federal extrapolated disal-  
49 lowance amount based on the relative error  
50 rate for the district. The city of New  
51 York's error rate will be based on the  
52 federal sample and federal statistics. For  
53 all social services districts other than  
54 the city of New York, the error rate will  
55 be based on a review conducted by the  
56 district of a sample of children and/or  
57 cases determined by the office of children  
58 and family services and a re-review of a  
59 sub-sample by the office of those children  
60 and/or cases determined by the office. The  
61 office of children and family services  
62 will determine what is reasonable in  
63 establishing the size of the sample and  
64 sub-sample for each district. The office  
65 of children and family services shall  
66 notify each social services district of  
67 the sample of children and/or cases from

1  
2 the federal audit period that the social  
3 services district must review. Any child  
4 or case from the social services district  
5 that was included in the federal sample  
6 will automatically be included in the  
7 social services district's review sample  
8 and the determination made at the federal  
9 review regarding that child or case will  
10 govern for the purposes of the social  
11 services district's review. The social  
12 services district must complete and submit  
13 the results of its review to the office of  
14 children and family services within 60  
15 days of receipt of the sample. The error  
16 rate for the district will be based on the  
17 findings of the district's review and the  
18 office of children and family services'  
19 re-review. If a social services district  
20 does not complete its review within 60  
21 days of receiving the sample from the  
22 office of children and family services,  
23 the office of children and family services  
24 shall assign an error rate to the social  
25 services district based on the relative  
26 percentage of the district's applicable  
27 title IV-E claims for the relevant period  
28 as compared to applicable statewide title  
29 IV-E claims for that period and other  
30 circumstances that the office of children  
31 and family services may consider in order  
32 to allocate 100 percent of the federal  
33 disallowance. The office of children and  
34 family services shall apply each social  
35 services district's error rate to the  
36 total amount of the district's applicable  
37 title IV-E claims including associated  
38 administrative expenses. The resulting  
39 dollar amounts for all of the social  
40 services districts will be summed to  
41 derive the total amount of title IV-E  
42 claims deemed to be in error statewide. To  
43 establish a disallowance percentage for  
44 each social services district, the amount  
45 of the district's title IV-E claims deemed  
46 to be in error will be divided by the amount  
47 of statewide title IV-E claims deemed to  
48 be in error. The resulting disallowance  
49 percentage for each district will be  
50 applied to the entire title IV-E  
51 extrapolated disallowance calculated by  
52 the federal review to determine the amount  
53 of the extrapolated disallowance for which  
54 the district is responsible. Each district  
55 will be credited for the amount already  
56 disallowed for any individual children or  
57 cases found to be in error during the  
58 federal review. The exclusive appeal  
59 rights for the review of the amount of the  
60 federal disallowance assigned to each  
61 social services district shall be pursuant  
62 to article 78 of the civil practice laws  
63 and rules; provided, however, that in any  
64 such action all of the social services  
65 districts shall be joined as necessary  
66 parties and the venue of any such action  
67 shall be in Rensselaer county. Any social

1  
2 services district that fails to complete  
3 its sample review in the required time  
4 frames shall have no right to appeal and  
5 shall not be a necessary party to any action  
6 brought by another social services  
7 district.

8 The money hereby appropriated is to be  
9 available for payment of state aid hereto-  
10 fore accrued or hereafter to accrue to  
11 municipalities. Subject to the approval of  
12 the director of the budget, the money  
13 hereby appropriated shall be available to  
14 the office net of disallowances, refunds,  
15 reimbursements, and credits.

16 Notwithstanding any inconsistent provision  
17 of law, the amount herein appropriated may  
18 be transferred to any other appropriation  
19 within the office of children and family  
20 services and/or the office of temporary  
21 and disability assistance and/or suballo-  
22 cated to the office of temporary and disa-  
23 bility assistance for the purpose of  
24 paying local social services districts'  
25 costs of the above program and may be  
26 increased or decreased by interchange with  
27 any other appropriation or with any other  
28 item or items within the amounts appropri-  
29 ated within the office of children and  
30 family services general fund - local  
31 assistance account with the approval of  
32 the director of the budget who shall file  
33 such approval with the department of audit  
34 and control and copies thereof with the  
35 chairman of the senate finance committee  
36 and the chairman of the assembly ways and  
37 means committee.

38 Notwithstanding any inconsistent provision  
39 of law, in lieu of payments authorized by  
40 the social services law, or payments of  
41 federal funds otherwise due to the local  
42 social services districts for programs  
43 provided under the federal social security  
44 act or the federal food stamp act, funds  
45 herein appropriated, in amounts certified  
46 by the state comptroller or the state  
47 commissioner of health as due from local  
48 social services districts each month as  
49 their share of payments made pursuant to  
50 section 367-b of the social services law
